Technopark based MobME Wireless has got the approval and recognition from the Department of Science and Industrial Research (DSIR), Ministry of Science and Technology, for their in-house Research & Development facility. MobME is the first telecom mobile value-added services company to have a full-fledged R&D facility certified by the Central Department of Government of India.

MobME is a young and vibrant Mobile Media & Entertainment company focused on Value Added Services for Mobile Phone users and Carrier Grade Solutions for Network Operators. Their in-depth understanding of the telecom ecosystem also enables to deliver solutions to Enterprise customers through multiple Products and Services.

MobME is the proud winner of many prestigious Innovation and Entrepreneurship Awards, the latest being the EMERGE50 by NASSCOM. Their platforms being Innovative, Adaptive and Effective are high on popularity charts.

MobME had set up an in-house R&D facility to continuously innovate and develop state-of-the-art products for the telecommunications industry.

MobME received this certification and recognition based on the scheme announced by DSIR, with the objective to promote in house R&D in India within private sector companies.
